

 **Jelka**
Premium Equestrian Range

Who are we...

At Jelka we are inspired by quality and driven by a passion to serve the equestrian market the best products possible.

Our clients include people in many different arenas including: Royal events, mounted police, show jumping, dressage, riding schools, stud farms and small holdings.

We firmly believe in the importance of the health and well-being of your horses and our persistence for quality reflects that.

Non-slip surfacing mats

- Approved quality - DLG Fokus test
- Improved sure footedness due to softness & elasticity.
- Hi slip resistance non-slip surface prevents injuries from horses & riders.
- Ideal in preventing rheumatic illnesses with joint gentle flooring.
- Long shelf life and resistance to almost every type of shoeing.
- High dimensional stability due to pre-installed connection systems.
- Easy cutting & installation.
- Weather-proof & frost-proof insulating against cold from the ground.
- Sound reducing properties for better stable atmosphere due to sound absorbing.
- Long term resistance to urine.
- Environmentally friendly non-toxic, TUV tested and made from recycled materials.
- Permeable to water and additional drainage underneath the matting.
- Different shapes and colours for optimum design variety.

Pellets

- 3 x faster to muck out
- Produce a muck heap up to 4 times smaller than traditional bedding
- Masks unpleasant odours
- Expand up to 6 x their original volume when water is added
- Dust extracted
- Absorb 380 percent of their weight in moisture
- Pathogens killed off in the manufacture
- Ecofriendly
- Compost quicker than traditional bedding
- Takes up far less storage space than other types of bedding

Clothing
